- Contrast
 - Exterior pocket – 18" x 11" – cut 1
 - Interior pocket – 18" x 7" – cut 1
 - Zipper tab – 2" x 3" – cut 1

Sewing Instructions

1. Straps
 - a. Follow the instructions for Fabric Straps. You do not need to finish the short edges.
 - b. Mark a line 5 ½" from the side of the bag and line up the left side of the strap along the line. Mark another line 5 ½" from the other side of the bag and match up the right side of the strap along that line.
 - c. Sew strap in place, stopping the stitching about 1 ½" from the top of the bag.
 - d. Attach one strap on each bag exterior piece, matching strap raw edges to the bottom of the bag piece.
2. Exterior Pocket
 - a. Follow instructions for Slip Pocket. On the exterior, the pocket will be sewn into the side and bottom seams.
3. Inner Pocket
 - a. Follow instructions for Slip Pocket. The interior pocket will be shorter than the height of the lining, so finish the bottom and sew the finished bottom edge to the bag lining at the desired height.
4. Top Zipper
 - a. Follow instructions for Zipper Top.
5. Bag Assembly
 - a. Open bag up so exterior front and back are right sides together, and lining front and back are right sides together with zipper in the middle.
 - b. Cut 2" corners from exterior and lining pieces.
 - c. Sew side seams, making sure not to catch the zipper end or the straps in the seam.
 - d. Sew exterior bottom seam.
 - e. Sew lining bottom seam, leaving an opening for turning.
 - f. Turn bag right side out.
 - g. Sew up lining opening.
